

Topic and ideas about layout

CHENRUI YE

- How many species of felidae in each country
- How many kinds of domestic cats in each country
- The distribution of domestic cats in the world
- How many families have cats in each country(by percentage)
- How much money they spend each year on their cats

A

How many species
of felidae in each
country

The distribution of domestic cats in the world

country species

199 X 37

7363

Or in the USA

states species

50 X 37

1850

- Fill the countries with different colors
- Darker color shows more species
- Texture shows the numbers of the cats

- When readers click each country show the details

- Same with the USA map
